

September 2010

Towards Seville

Next 22nd and 23th September in Seville will held the second Consortium meeting of DEEPER project. The consortium partners will discuss about actions of the project and about the planning of the future efforts. Every partners contribute to progress of project actions whit specifics skills. In particular the actions and results of WP2 will be discuss and the activities related with WP3 will be planned. In occasion of this II Consortium meeting, Dida Network will present the new web platform for

collaborative works of the network, based on the complex learning model which Learning Community has exposed in the previuos meeting. The launch of the collaborative platform will be one of the aims of the II KOM. Other aims are: discussion about WP2 closing activities and about the results of interviews and the focus groups organized by Dida and Incoma; integration of these results into WP1 – Needs analisys; planning of WP3 ativities on creating and managing a complex learning community, in order to valorise informal learning schema.

Involving stakeholders

The consortium has organized several events (focus groups) involving many possible stakeholders. In any of these events several professionals interested in the issue of training trainers and refugees have gathered the project dissemination materials, brochure, newsletter and so on. Many other opportunities for dissemination will be evaluated by partners in the coming months until the end of the project and beyond.

Some of consortium partners has participated to more events and occasions of dissemination:

- April 21-22-23 2010 | Rome
DIDAMATICA 2010 - Computers Science for Learning is the annual AICA Conference sponsored that aims to provide a broad and thorough research, experience and innovative developments taking place in information technology applied to teaching in the various learning environments.
